Dear Manager,
ADVANCE NOTICE – INVESTOR WEBINAR

A Lake Resources Investor webinar will be held on 28 September 2023.

The briefing will commence at 11.00am AEST following the release of presentation material to the ASX.

The webinar will be hosted by CEO, David Dickson, Scott Munro, Senior Vice President of Technology, Strategy and Risk, and Jonathan Nielsen, Project Technical Director. They will be speaking on DLE, and more specifically, the ion exchange DLE technology the company is utilizing at its flagship Kachi project, along with other operational updates since the company's last webcast on 23 August 2023.

Investors are encouraged to register ahead of the event, via this [link](#). The webinar can be accessed by clicking [here](#).

Investors are also encouraged to submit questions in advance of the webinar, either directly on the registration form or to Karen Greene, Senior Vice President of Investor Relations and Communications, karen.greene@lakeresources.com.au.

A recording of the webinar will be made available on the Company website.

About Lake Resources NL (ASX:LKE OTC:LLKKF)

Lake Resources NL (ASX:LKE, OTC: LLKKF) is a responsible lithium developer utilising state-of-the-art ion exchange extraction technology for production of sustainable, high purity lithium from its flagship Kachi Project in Catamarca Province within the Lithium Triangle in Argentina. Lake also has three additional early-stage projects in this region.

This ion exchange extraction technology delivers a solution for two rising demands – high purity battery materials to avoid performance issues, and more sustainable, responsibly sourced materials with low carbon footprint and significant ESG benefits.
